| 2008 | 1.054042 | 1.104332 | 1.104280 |
| 2007 | 1.309934 | 1.110477 | 1.110427 |

*Effective Rate: The effective rate is the tax rate that would produce the same amount of revenue if applied to the same properties taxed in both years.

*Rollback Rate: The highest tax rate a taxing unit can adopt. Adopting a rate that exceeds the rollback rate allows voters in the taxing unit to petition for an election on the tax increase. If a school district adopts a rate that exceeds the rollback rate, the school is required to hold the election without a petition.

*Adopted Rate: The tax rate adopted by the taxing unit. This rate calculates the tax levy generated on individual properties.
